Mr. Paul L. Jeffers,
1801 Navarre Avenue,
Toledo, Ohio.

Re: Sludge from Sun Oil Company

Dear Mr. Jeffers:

On October 17, 1968 a letter was sent to Mr. Robert Dorrell of Municipal Services, Inc. to discontinue depositing the above referred material at their dump site.

It has come to our attention that this material is now being deposited at Treasure Island Landfill, which is a similar landfill, covered under City of Toledo Regulation No. 1-67.

Our Division also received a letter from Mr. Paul Pindlay, Director of Pollution Control that this substance is a water pollution hazard.

Therefore, as of this date you are hereby notified that none of the above stated material is to be deposited at either of these landfills, (Treasure Island or Municipal Services, Inc.).

Sincerely,

T. T. Kuhlmann, D.V.M., M.P.H., Chief,
Division Environmental Health.

By:

Carter Toler, Asst. Chief,
Division Environmental Health.
